

Dance Club

For campers who love modern dance and performing. This programme is designed for campers who want to create, rehearse and ultimately perform various numbers and shows during camp.

For 3 hours every weekday the campers meet in the grand salon to work on performances that will be presented to the rest of camp at various times during the session culminating with a Gala performance on our final Prom Night.

Incorporating many different styles of dance and performance art the campers will be spending their mornings developing numbers, choosing music, working on choreography, designing and making costumes and of course, rehearsal.

All of this under the supervision of our very experienced programme director and staff who have designed a programme that gives the campers an opportunity to learn different dance styles, use their creativity and also learn the importance of dedication, determination and team work.

Whether you are a trained dancer or someone who just likes to move to the music this dance programme has something for you. Our professional staff works with every camper's skill level to help them achieve the confidence and pride that comes after a great performance.

In the afternoons and evenings the music campers join the other campers participating in the variety of other camp activities on offer.
